**Rev. Hyung Jin Moon**

**Ancestor Liberation Speech**

In the beginning of human history with the Garden of Eden, God's original world of freedom, responsibility, conscience, and relationship with God was to be established. It was to be a world where the powerful archangels were to be the servants of the children of God. However, due to the Fall, Eve committed adultery with the Archangel and tempted Adam into sinning against God. Thus, the world of Satan's domination over mankind was established and history has shown centralized archangelic powers, either governmental, religious or financial, use strategic methods to rule over mankind, sometimes taking freedoms gradually and sometimes eliminating them by brute force. God's Kingdom of Heaven on Earth must be established where the artificial structures of power – representing Satan – shall never again rule over mankind and humanity. In order to establish this, the Tribal Messiahships and the help of all ancestors in the spirit world must come together as one.

In the course of human history we can see the Fall represented on the national level, with the concentration of power into a nexus of murder and money. Whether by an oligarchy, a monarchy, feudalism, colonialism, imperialism, or conquest based ideologies – humankind has endured the long-suffering course of oppression and control by the predatory class and rulers of Satan's world. All the past civilizations, whether the Egyptians, the Romans, the Mongols, the Chinese, the Ottomans, the modern communist regimes, or the 18th century Western colonial hegemonies, have created centralized, concentrated political power to substantiate and maintain Satan's rule on this earth. The culture of actual "Satanism" was substantiated through "political Satanism" to foster a culture of abuse of power, corruption, centralization of government, state sponsored murder of children, the genocide of the innocent, breakdown of the family by the removal of the father, the breakup of marriage by the genocide of male populations and the raping and trafficking of women in sex slave trades.

In Jeremiah 19:5, God speaks in reference to a fallen Israel: "They have built also the high places of **Baal**, to burn their sons with fire for burnt offerings unto **Baal**, which I commanded not, nor spake it, neither came it into my mind." Modern-day United States has allowed for the state sponsored murder of more than 54 million unborn babies on the altar of women's rights. Modern-day China has secretly organ harvested its citizens, monetizing political dissidents on the altar of "peace and harmony." The Romans and the Mongols alike murdered the men of conquered peoples, and raped and took the women as sex slaves. The Islamic Arab sex slave trade of women from the time of Mohammed, continues today in parts of the radical Muslim world.

Whatever the fallen culture or civilization – it has produced the fruit of Satan and Satan has been the ruler of this world. The Bible warns us in Ephesians 6:12: "For we wrestle not against flesh and blood, but against principalities, against powers, against the rulers of the darkness of this world, against spiritual wickedness in high places." Thus we can see that behind the evil in the history of fallen humanity there are human actors that enact the will of Satan, the fallen spiritual world and the demonic realm.

Through these fallen archangelic powers, Satan has used governments and centralized powers to keep humanity from discovering their identity in Christ and God. When human beings have tried to rebel against these forces, they have been brutally punished in the crucible of death, murder, torture, rape and genocide by the very powers that claimed to protect them.

In the 20th century alone, over 262 million people have been killed by governments. Countless millions have been killed by democide in the span of the history of fallen man. As a nation's political power becomes more unrestrained and centralized, the more it will murder its own citizens. The Chinese Communist Party has democided over 77 million people in the 20th century. The Soviet Union murdered over 62 million people under Stalin, and Nazi Germany killed over 12 million people under Hitler.

Pol Pot mass murdered over 3 million in Cambodia. In the 20th century, over six times as many killings of other human beings have come by the hands of government workers than by actual wars and on the battlefield.

Satan has made it seem that the most dangerous threat to humanity is war, but it is undeniably evident that the greatest threat to peace, prosperity, and human flourishing is unrestrained political power and autocratic, centralized government. The political scientist R. J. Rummel is famous for noting that political mass murder grows increasingly common as political power becomes unconstrained, and at the other end of the scale where power is diffuse, checked, and balanced, political violence is a rarity. According to Rummel, "The more power a regime has, the more likely people will be killed. This is a major reason for promoting freedom." Rummel concludes that "concentrated political power is the most dangerous thing on earth."

This reality has been kept from the consciousness of humanity with state-run media, state-run education and other propaganda mechanisms that have been utilized to divert people's attention away from concentrated government as the main threat to humanity. Satan thrives in centralized power, as centralized power allows for his kingdom of Hell – where the nexus of murder and money cross – to dominate and overtake goodness in this world. There is nothing more magnetizing to satanic predators than to be able to use the State to kill enemies, steal and transfer resources to allies and friends, and to use coercion and force to sustain monopolies and control human populations, who were to be the inheritors of this world.

These innocent victims of archangelic power and genocidal centralized government are forgotten and ignored by history and are grieving in the spirit world. Today, we lift our prayers for, and prepare to liberate, all those victims of democide throughout the course of fallen human history in conjunction with 210 generations of ancestors being liberated for those who have not yet done so. These victims of democide will be able to stand with and work with their descendants to fight against the world of centralized satanic political power and to aid in bringing about God's Kingdom of Heaven of freedom, responsibility and decentralized political power, as delineated in the Cheon Il Guk Constitution.

The spirit world is in your hands; your relatives are in your hands – not only your relatives, but even your country is in your hands; even the task of setting the right tradition for your descendants is in your hands. You should always keep this in mind. Whether you, as a single person, accomplish or not, you will determine whether your ancestors and relatives will be liberated, and whether your descendants can be the chosen people of liberation.

CSG p. 913 (66-76, 1973.3.17)

You should always be thinking that you are representing three ages. For this reason, you have to realize that the spirit world is in your hands and that your ancestors are at your mercy. If we gather the past, present and future together, and put physical and spiritual realms together, and lead them, they will come running to you. We should accomplish that mission.

CSG p. 913 (66-76, 1973.3.17)

The world is now changing rapidly. Many evil people are dying in accidents. Suddenly they are dead. Now there is no indemnity. An age has come where decisions and punishments are instantly rendered. You have to straighten out your act. Who is doing this? The devil is not bringing our indemnity. Your own ancestors are dealing with it. The standard of the Blessing I have now given you is equal for you all. If you fall away from this standard.... When you go to the spirit world the standard should not be lost. Since you have to stand in a certain spiritual position, you should be taken to the spirit world in order to prevent your losing that standard. Such an age will come. Your ancestors will give you both the illness and the medicine.

CSG p. 913 (301-164, 1999.4.2)

You should receive your ancestors' cooperation with a fervent heart greater than heaven and earth. Everything goes in this way. Three generations are included. Your ancestors are the first generation, you are the second generation and your children are the third generation. You have to bind them together with a fervent heart so that your descendants, the third generation, on earth, who are born anew, can even reach to your parents and ancestors in heaven.

CSG p. 913 (302-39, 1999.5.18)

Your ancestors in the spirit world would look down and want to come with the desire to assist their descendants of whom they are proud. That is why many of your ancestors come down to you. This is the realm of religion based on the tribes that transcends denominations. Do you understand? Your ancestors want to follow you while placing their trust and love in you. That is why they want to devote themselves in assisting you.

CSG p. 913 (189-278, 1989.5.1)

Even your ancestors are given salvation through you. For that reason, they wish to actively support you. Therefore, in your local area, work hard without rest.

CSG p. 913 (179-25, 1986.6.15)

One iron rule that you must know is that you have to do more than any loyal servant, patriot, filial child or church minister has done, who lived in your area. If you make greater efforts than they did, they will all support you. That is the condition. If you do that, you will be standing in the place which is above the realm that Satan can accuse. Therefore, Satan will not oppose you and, with the support of the spirit world, your ancestors will appear to your family and relatives and spiritually push them to join the Unification Church. What happens is that your grandfather comes to assist you and goes witnessing for you.

CSG p. 913 (179-17, 1986.6.15)

Now we are entering the age of the nation. You should adjust your focus for this purpose. I am now giving liberation Blessings to the spirit world. There will be Blessings for up to 120 [later to 210 generation] generations of ancestors. In the past it was four generations. How close would four generations be in terms of kin? It would include relatives up to those eight times removed. When this is taken to seven generations it would include even more. It would be hundreds, even thousands of ancestral families for a family with many children. There will be Blessings for four generations and then for seven generations. When seven generations are blessed, it goes beyond family relatives.

CSG p. 973 (299-307, 1999.2.21)

Have you all attended the ancestor liberation ceremony? You have to liberate the first seven generations. Only after liberating seven can you continue and go on to fulfill 120 generations' liberation [then to 210 generations]. Focusing on those ancestors, everything can be sorted out and 120 generations can be blessed together. Through this, everyone can be blessed. Then, would the walls of hell be broken down or not? Paradise, where Jesus dwells, and the middle realm of spirit world, were created because of the Fall. Even the spirit world is built upon relationships in accordance with the pair system. Without doing these things I will be in a difficult situation when I go there. I must not allow that to happen. When the spirit world is put in order, the situation on earth can be resolved very quickly.

CSG p. 973 (301- 205, 1999.4.26)

Therefore, I, Hyung Jin Moon, the Crowned Successor and Representative Body of the Cosmic True Parents of Heaven and Earth and full Inheritor of the Kingship of God as the direct chosen Blood Lineage of True Father, with all the authority endowed in me by True Father – the Messiah, Lord at the Second Advent and the King of Kings, hereby declare the liberation of 210 generations of all the new ancestral lines in the spirit world represented here with all their faithful descendants.

Further, with the authority endowed in me by True Father, I declare the liberation of all historical peoples who died as a result of government genocide or democide, to be separated from Satan's claim, and to be liberated from the spirit world of accusation, ownership and torment by the Satanic hosts. These human spirits are now freed from their place or torment, to be those who are remembered and named to enter into the presence of the King of Kings in Heaven, and to never again be under the dominion and slavery of Satan and his hosts.

These ancestors and the millions of forgotten, democided human beings' spirits will unite with God in the spirit world and the Kingship of God in the physical world to bring about the purging of Satan's authority over this world and to bring about the Kingdom of God "on earth as it is in Heaven."

Satan will attack and fight against the liberation of these human spirits, but whatever his attack, the world and the entire cosmic realm stand at this "end of days," to witness and endure the "last persecution of the righteous" and to finally witness the actual coming of the Kingdom of God on earth.

There is no salvation apart from Christ, and today there is celebration in the spirit world, as new lines of 210 generations of ancestors together with the liberated spirits who suffered a death by government (whether it be from the Nazis; or the Muslim trans Arabic slave trade; or from the Communist Chinese; the Mongol hoards; or others), return to our True Father in Heaven and be remembered today. True Father and all these spirits of the spirit world stand together with us, in our midst, at this exact moment in time. The liberated spirits stand as a titanic, growing spiritual army of God, to work with God's people, to glorify the King of Kings, and to prepare the way for His Kingdom of Freedom and Responsibility, the Kingdom of God, Cheon Il Guk that is quickly coming to this world! Aju, Aju, Aju!

Hyung Jin Moon
